SKILLS

Languages : JavaScript, Typescript, Python
Web & Frameworks : HTML, CSS, React, Node.js, NestJS, Nextjs
Databases : Mongo DB, MySQL
Tools : Git, GitHub, Postman
Concepts: DSA, REST API

EDUCATION

- B.Sc. in Computer Science and Information Technology (CSIT)** Apr, 2022 - Mar, 2026
Godawari College, Tribhuvan University
- +2 (Computer Science)** Aug, 2019 - Dec, 2021
Sushma Secondary School
GPA: 3.12

WORK EXPERIENCE

- Lunar I.T. Solution, Itahari** Nov, 2025 - Feb, 2026
Backend Developer | Internship
 - Designed and built RESTful APIs following clean, scalable, and maintainable coding practices
 - Implemented secure user authentication and role-based access control (RBAC) to safeguard application data
 - Developed server-side logic using Node.js with efficient MySQL database integration
 - Collaborated with frontend developers for smooth API integration and data flow

ACADEMIC PROJECTS

- ShortNCopy - URL Shortener**
Personal Project | Next.js, Typescript, Node.js, Express.js, MongoDB
<https://shortncopy.netlify.app/>
 - Built a full-stack URL shortener enabling users to instantly shorten and copy long URLs with a single click, with no sign-up or authentication required.
 - Designed a Node.js/Express backend with MongoDB to generate, store, and resolve short URL mappings efficiently.
 - Developed a responsive Next.js and TypeScript frontend focused on a fast, frictionless single-click user experience.

Quill - Blogging Platform

Personal Project | React.js, Node.js, Express.js, MongoDB

<https://github.com/aakashstha1/blogging-platform>

- Built a full-stack blogging platform with a React frontend (TanStack Query) and a Node/Express/MongoDB backend.
- Designed a custom TF-IDF based recommendation engine and a time-decayed trending algorithm.

Bill Management System

Personal Project | React.js, Node.js, Express.js, MongoDB, TypeScript

<https://github.com/aakashstha1/Bill-Management>

- Developed a full-stack tenant billing management system to track rent, electricity, and water bills for multiple tenants.
- Implemented secure authentication and CRUD functionality for managing tenants, utility consumption records and payment tracking.
- Built interactive dashboards and analytics to monitor billing status, outstanding balances, utility usage trends, and rent collection performance.

POSITION OF RESPONSIBILITY

Mentor | Web Design Workshop Trainer, Godawari College, Itahari

Jan 04, 2024

- Mentored 20+ junior students on HTML, CSS, responsive design, and UI/UX fundamentals.
- Conducted hands-on web design training and guided practical projects.
- Helped students develop technical skills and portfolio-ready websites.

Organizer | First AI Talk Show, Dept. of B.Sc.CSIT, Godawari College, Itahari

Jul 21, 2024

- Coordinated and organized the college's first AI Talk Show.
- Managed event logistics, speaker coordination, and participant engagement.
